LOCAL FIREMEN RESPOND ORIGIN OF BLAZE UNKNOWN

Bring Their New 75-Foot Aerial Truck Into Requisition, Proving Its Value—Believed Leaking Gas Pipe Cause of Conflagration

In less than 36 hours after the installation of Charleoi's new 75-foot aerial ladder truck, it was called into service and was instrumental in saving lives and property when, at 4 o'clock Sunday morning, the Charleoi fire department was called to Monessen to assist in extinguishing flames that for some time threatened an entire business block in Dorner avenue, between Fifth and Sixth streets. The disastrous fire occurred at 3 o'clock, the flames occurring simultaneously with a terrific gas explosion in the Capital pool room conducted by William Braden at 509 Dorner avenue. It is believed that a leaking gas pipe filled the pool room with the deadly fumes, and when they became ignited by a small gas jet, exploded. The front and back of the store was blown out, shattering the plate glass windows and throwing the fragments with such force that the windows of the store of Hooper and Long, on the opposite side of the street, were broken. The three-story brick building, was almost instantly a mass of flames, great tongues of fire leaping from the burning structure and scorching the woodwork of the buildings opposite. The Monessen firemen worked laboriously and pluckily putting forth every effort in an attempt to prevent the spread of the raging flames. An hour later they called for Charleoi, and with the additional help succeeded in effectively quenching the blaze three hours after it had started. Tenements in the apartments above the pool room as well as the occupants of the adjoining apartments, were forced to leave their homes, in night clothing, to be sheltered by neighboring friends. George Evans, aged 17, son of Mrs. Mary Evans, residing in the second floor of the destroyed building, in saving his mother, was badly burned about the head, hands and legs, and was rushed to the Memorial hospital, Monongahela, where his condition is said to be serious. The building was a total loss, nothing but the wall remains of the huge structure. This building was owned by J. H. Racy, who also owns the adjoining building that suffered considerably from the flames. The two upper floors of the four-story structure

Thomas Daumit, of the Firm. And His Brother, "Buddy" Daumit, Sleeping Above the Store, Nearly Trapped, But Escape By Jumping

Fire at 3:30 o'clock this morning, from unknown origin, gutted the two-story frame building at the Charleoi-Monessen bridge causing a loss estimated to the confectionery stock of Alex Daumit & Son of \$6,000, and to the building, owned by Joseph Abram of Granite City, Pa., of \$4,000. A total loss of approximately \$10,000. The Charleoi Volunteer Fire department assisted the North Charleoi Volunteer Fire department in holding the flames to the burned structure, no loss accruing to Kramer Drug store adjoining. It is said that the Charleoi department was the first on the job, and were quickly joined by the North Charleoi department. Joseph Abram, owner of the structure, a former resident of North Charleoi, was a visitor in the burning at the time of the conflagration. The confectionery of Alex Daumit & Son is the main one of its kind in the borough, and enjoys a big trade, both transient and local. It was purchased by them upwards of a year ago. Both gentlemen live in Monessen, but it is said that Thomas Daumit, the son, and a brother, "Buddy" Daumit, were nearly trapped, as they were sleeping above the store. Some passerby noting the blaze gave the alarm, and both young men jumped from the window of the burning story to the ground, receiving severe bruises, but hurts are not of a serious nature. They were taken to their home in Monessen. Despite the early hour, the citizens of the Lock were awakened, and in a good-sized crowd were on hand to witness the blaze. (Continued on Page Three)

Esteemed Lady Passes Saturday Aged 44 Years

Miss Cora Bell Roley, aged 44 years, who has been employed at the transfer and storage company of J. W. Latham, McKean avenue, for the past eight years, residing at the home of Mrs. L. A. McVey, 633 Fallowfield avenue, died Saturday at 6:21 o'clock in the Allegheny General Hospital, Pittsburgh, where she had been removed Monday of last week for treatment and operation. Miss Roley has been ailing all winter, but was suddenly stricken Wednesday, May 7, and taken to the home of her aunt, Miss Sally Kyle, Broad avenue, Belle Vernon. The daughter of Marjorie and Naomi Kyle Roley, the deceased was born and reared in Belle Vernon. She was well known and beloved in this locality, where she has lived all her life. She was a member of the Washington Avenue Presbyterian church of this place.

Besides her aunt, Miss Roley is survived by three brothers, Edmund Roley, of Kansas City, Missouri; John and Robert Roley of Belle Vernon; two sisters, Mrs. C. S. Thum of Belle Vernon, and Miss Helen Roley of Dorner avenue, Monessen. Funeral services will take place Tuesday afternoon at 2 o'clock from the home of Miss Sally Kyle, Broad avenue, Belle Vernon. Interment will follow in the Rehoboth cemetery.

Men Accused Of Reckless Driving To Have Hearings Tonight

was swept by the blaze and the lower floors damaged considerably by smoke and water. The entire stock of the department store conducted by Mr. Racy in the second building, was completely destroyed. The entire loss is closely estimated at \$100,000. Eleven streams of water were used effectively in ending the spread of the fire. The apartment on the first floor of the butted building was occupied by Mr. and Mrs. Samuel Gates and son David, who were out of town at the time of the fire. The rear apartment on this floor was occupied by Mrs. Evans and her two boys, while a per floor of the four-story structure

Mike Savich, a Monessen butcher, and Paul Bakalo of this place, accused of the reckless driving of automobiles, were arrested by the local police, and left forfeits for their hearings this evening before Burgess J. Bryant Tussing. Steve Stranko, aged 19, and Andy Moraz, 18 years old, both of the borough, it is alleged, been in the habit of borrowing a skiff, the property of the Y. & O. Coal company, and when the attaches of the company wished to use the skiff, it was usually missing. The boys were arrested by Chief of Police James A. Murphy, and will have a hearing this evening before the burgess, on a preferred charge, probably, of disorderly conduct.

Bonus Bill Now A Law

Washington, May 18. — The bonus bill became a law today. The Senate overrode President Coolidge's veto by the two-thirds vote necessary. The House overrode it Saturday.

The vote came within a half hour after the bill was called up by Senator Curtis, shortly after 2 p. m. All debate was dispensed with. The vote was 59 to 26. This was two votes more than necessary of the two-thirds present and voting.

The bill provides life insurance policy for veterans on the basis of adjusted compensation at the rate of \$1 a day for home service and \$1.25 a day for overseas service.

Basic compensation is not to exceed \$500 for home veterans and \$625 for overseas men is multiplied by official figure to tally at the face value of insurance policy.

These tickets are transferable, and there is no limit on the number that can be purchased providing their supply does not run out.

Youth Is Critically Wounded By Accident- Companions Are Arrested

Peter Guzey, 11 years old, son of Mrs. Elizabeth Bisacky, who resides on a farm near the Monongahela Valley Country Club, is a patient in the Monongahela Memorial hospital in a critical condition as the result of bullet wounds in his chest and arm. He was injured yesterday morning at 12:30 o'clock, when with three companions he was enroute from the Charles Neruda farm, where they had spent the evening, to his home, a short distance from the country club. The boy's companions, Mike Galt, aged 17 years, son of Mrs. Mary Galt, of Carroll township, who admitted accidentally firing an automatic revolver at the lad, John Bisacky, aged 16 years son of Frank Bisacky, of Carroll township, a half-brother of the injured lad, and George Guzey, aged 16 years a brother of the wounded boy, were arrested by Lieutenant G. T. Gillingham, and Patrolman Jess Fields, at the country club, when authorities at the clubhouse notified the police of the shooting. The boys badly frightened had hidden themselves in a barn at the club but when the officers arrived with an ambulance for the wounded boy they submitted to arrest. The boys declared, when first apprehended that they did not have a gun, stating that the shot which struck Guzey came from a distance. However, when questioned, by Chief of Police S. S. Burnsworth, Guides gave what is believed to be the true version of the case. He explained that the four companions had spent the evening at the Neruda farm with several other lads, they being known as the Pleasant Hill rangers, and as they had to walk a long distance to their homes from the Neruda place, Guides carried a 32-calibre Colt revolver. As the boys passed the water tank at the country club Guides drew the weapon from his pocket and was carrying it in his hand when as he states, he stumbled and nulled the trigger of the gun. The bullet narrowly missed striking John Bisacky,

Held At St. Jerome's Church, Followed By An Appropriate Demonstration of Farewell to the Departing Assistant, Rev. Demorest

PRIEST CROWNS THE QUEEN

This Is Followed By A Reception to Rev. Demorest. And Presentation to Him of Purses In Attestation of His Loyal Service And Appreciation for Him

Very impressive and imposing were the ceremonies that took place at St. Jerome's Roman Catholic church yesterday, when the annual May Day pageant was held under the auspices of the Young Ladies Sodality, after which Rev. Carl A. Demorest, departing assistant priest, was tendered an appropriate demonstration of farewell. Another important feature taking place yesterday in St. Jerome's was the initial sermon preached by Rev. James McKeever, who arrived in Charleoi last Thursday from Sacred Heart church, East End, Pittsburgh, where he filled a responsible position as assistant of that large church, to take over the duties as left by the departure of the Rev. Father Demorest.

"The Crowning of the May Queen" was a very beautiful ceremony, instilling in the hearts of all those who witnessed it, a love and devotion for Mary Magdalene, the blessed Virgin Mary. The service started promptly at 7:30 with the entrance of the beautiful procession led by 24 altar boys. The members of the Sodality, dressed in white, appeared next in line, followed by 30 small flower girls, ranging in age from 4 to 6, who carried baskets of flowers and strewed the blossoms along their path. These little tots wore dresses of white, under which there were slips of orchid, yellow, blue and pink. The hundred Sunday school girls, carrying caskets covered with smilax, made a pretty archway for the Queen and her court to pass through. Leading the court were the six ladies in waiting, wearing white gowns and hats and carrying light pink roses tied with yellow chiffon. The crowns were prettily delivered to the altar by the small crown bearers, Victor Rehula and Buddy Cantwell.

Miss Anna Carroll, prefect of the Sodality, was Queen of May. She appeared beautiful in a royal dress of white satin and tulle veil, caught to the head with a jewel. Her long court train was carried by little Dorothy Ann Kilroy and Rita Carroll. The two maids of honor were the last and wore white

correspond. They carried pale pink roses tied with pink chiffon. The young ladies honored were Misses & CLARK. 29013 (Continued on page four)

WIRETON BROTHELS ARE AGAIN RAIDED

Seven women inmates and 19 men patrons were placed under arrest Saturday night as a result of a raid conducted by Constable Walter Wyatt on Houses Nos. 80 and 105, Wireton. A strong effort is being put forth to clean up this section of Westmoreland county of the notorious disorderly houses and in accordance with a new ruling, the women who usually had their hearings in Monessen were held in jail and this morning taken to Greensburg. The men were also obliged to give forfeits for

a blood test and will have a hearing before a justice of the peace of Monessen. This is the first time that such drastic measures have been taken and it is hoped will go a long way in ridding the section of the immoral practices. Constable Wyatt and his squad were unable to visit the balance of the houses, before the word had been passed along of their arrival, and the occupants of the places made good their escape, shutting up their places for the remainder of the night.

IMMIGRATION LAW.

It is reported that President Coolidge desires the immigration law amended so as to put Japan on a quota basis like the nations of Europe. If this were done, leading newspapers of the East would be pleased and the people of the far West would be deeply offended; Japan would score a victory and Congress would yield its sovereign right to decide who may or may not be admitted. Then Japan would doubtless follow up its victory with a demand for an open door into Hawaii and the Philippines, so that her "coolies" could swarm in and acquire a majority in the same islands that will not allow any foreigner to own land within its borders and will admit neither Koreans nor Chinese. The only reason why we should discriminate in favor of Japan and against China in this matter is that Japan is a powerful nation.

It is one of the mysteries of the times that Japan, supported by the newspapers of the Eastern part of the United States, should demand so much more of this country than it has ventured to demand of the British empire during all the years of the British-Japanese alliance. Australia and other British dominions have resolutely refused to admit any Mongolians or yellow races, including the Japanese. It will be argued that the number of Japanese admitted on the present quota basis would be small, but the really important point at issue is the sovereign right of this country to decide for itself who shall be admitted—a sovereign right retained and carefully guarded in the British empire even with Great Britain and Japan in a defensive alliance.

OVER-CONFIDENT DEMOCRATS.

Undoubtedly the Republican party will go into the campaign this year handicapped by the revelations of corruption at Washington and the public indignation aroused thereby. But if it is true as reported that there are Democratic leaders, who for this reason alone are confident that "any Democrat can win," they are in need of advice from sage and experienced political observers. If the election had taken place six months earlier, there might have been basis for such confidence, but the American public is quick to forget and quicker to grow tired of one subject, not to say fickle and changeable in its attachments. How else are we to explain the rapid dwindling of interest in and weariness of every principle for which the World War was fought, notwithstanding its huge cost in blood as well as treasure, a change even going the length of easy tolerance of German propaganda.

Already there are signs of decreased public interest in the Washington investigations, and by next November it may be found not only that indignation has largely evaporated but that our mercurial public is bored by the subject. The Democrats, while making the most of the uncovered corruption would be wise not to depend on it alone. No experienced political observer could fail to advise them to pick their very best man and see to it that he preaches constructive and enlightened policies in general. Another thing they need to remember is that in the view of the general public it is not the Coolidge administration but the previous administration that is involved and that, over when the corruption is admitted, great numbers of voters will be impressed with the argument that Candidate Coolidge himself is free of the taint.

"TRIUMPH" IS A NATION-WIDE STORY

It will be recalled that as a result of a nationwide idea contest conducted by Cecil B. DeMille, thirty thousand answers were received. The winning idea, "The Ten Commandments," was made into a sensational successful picture.

Aside from the idea to film the Decalogue, however, the contest was invaluable in giving an accurate view of what representative theatre-goers really wanted.

An outstanding city was, "Give us more stories of business, of industry." Said the husbands, "we want to see men on the screen like those we know." Said the wives, "we want to see the movies but it's hard to get our husbands to stir out in the evenings. They say they don't like just love stories. Give them something of our own stuff, and our job will be easy."

Hence the new DeMille picture, "Triumph," which carries one from modern factories to gilded cafes, from overalls to Paris gowns and from polo to a park bench in Madison Square, New York, a picture for men as well as women.

This picture is portrayed by a large cast that fairly bristles with interesting names.

DeMille comes into his own again in "Triumph."

The birds were banded at 6:40 a. m., and considering the strong south wind, coupled with rain, made a fine showing. Black Beauty, from the loft of Pete Bajens, was the first bird home, and Spotty, from the loft of Alex. Paragona, was second.

MAY DAY PAGEANT IS OBSERVED HERE

(Continued from First Page)

Amelia Wheeler and Helen Carroll, Rev. Father Carl A. Demorest crowned Miss Carroll the Queen of the May. Following this ceremony, Father Demorest received six new candidates into the order of the Sodality and delivered a very eloquent sermon. Rev. Father O. J. Kirby of Monessen, officiated at the benediction of the Blessed Sacrament. Special musical features interspersed the entire service and the altar was prettily decorated with ferns, palms and white blossoms. The visiting priests present were as follows: Revs. O. J. Kirby and Dudley Nee, of Monessen, Patrick Diskin, J. T. Seraka, of Donora, M. G. McBurney of Finleyville, C. G. Diana, Mother of Sorrows church, Charleroi, Carl Demorest, Sacred Heart church, Pittsburgh.

The capacity of the church was taxed to its utmost capacity by people of all creeds who crowded in the church to witness the beautiful exercises.

Following this great occasion the large assemblage gathered in the Lyceum, immediately after the church service, where A. W. Keifer, chairman, presented a planning program in attestation to Rev. Carl A. Demorest, whose departure from the local parish was regretted by all.

Tom P. Sloan opened the program by a fine talk on the splendid character of Father Demorest, his religious and church work carried on at Charleroi, and in behalf of the congregation expressed the sincere regret that is felt by his removal. The other speakers who all paid a hearty tribute in short talks were: Fathers Kirby and Lee of Monessen, McBurney of Finleyville, Seraka and Diskin of Donora, Diana, Keever and Rev. Fries of Charleroi.

Miss Treasa Aschman, Miss Treasa Bailey and Paul Urban entertained with vocal selections, the accompanist being Mrs. Bertha Kleist.

A striking feature in connection with the program was the presentation of purses to the beloved priest as a token of devotion and appreciation kindled during his short stay in Charleroi. Miss Kathryn Elder presented a purse in behalf of the Sunday School children, Harry Carroll presented a purse in behalf of the altar boys, and Harry Kaup presented the congregation in presenting Father Demorest a larger purse. Father Demorest responded in a most eloquent address, in which he expressed, not only his regret in leaving but the happiness he has felt in mingling among the Charleroi people, both his congregation and others. Although the heartstrings of the friends of Father Demorest have been touched, it is understood that Charleroi was too small a scope for the unlimited ability of this priest, which placed him in the larger field of endeavor and to which he will rise to his full height.

MRS. M. DEMARCO GETS 32 MONTHS

Philadelphia, May 10.—Mrs. Mary DeMarco, charged with kidnapping 10-weeks old Corina Madell, was sentenced to two years and six months, and not more than five years in prison here today. The woman pleaded guilty to the charge and was sentenced.

The trial lasted just 45 minutes. Assistant Attorney General Warren C. Graham recited the facts of the case and Robert Hazen, representing Mrs. DeMarco, made a strong plea for clemency.

Rickenbacker

A CAR WORTHY OF ITS NAME

Again!—Rickenbacker Leads Announcing the "9th Fundamental"

This is the New Fuel and Oil Rectifier (licensed under Skinner patents) which totally Eliminates Crank-Case Dilution—greatest improvement in a motor since "Tandem Fly Wheels."

How It Functions

Vacuum of intake manifold sucks surplus oil, gasoline, acids and water from lower ring-grooves in pistons—(A) Deposits this mixture in rector (B); as it overflows through "one-way" valve (C) into chamber (D) where it is cleaned off by heat of exhaust (E). Gasoline in form of combustible gas—Sulphuric acid and water in form of gas and vapor—are drawn up through passage (F) into combustion chamber. Clear cylinder oil is returned, first to lower chamber (B) and when chamber is full, float (G) trips valve, depositing pure oil in crank-case (H).

You have learned to expect from this progressive organization the most advanced engineering discoveries and inventions.

Your confidence is again justified by the incorporation in this motor of the greatest improvement since Rickenbacker "Tandem Fly Wheels" eliminated all violent "Periods of Vibration."

This device we term the "9th Fundamental" improvement pioneered by Rickenbacker in a period of less than three years—and that is more than has been done by the entire industry in the last ten!

It does so many things—by correcting the primary cause of most motor troubles—that a mere enumeration of them makes a formidable array.

Yet the principle is so simple—after a five-minutes' examination you will clearly understand.

This is not a cure. Better still, it is a preventative. It prevents "Crank-Case Dilution."

That is to say it prevents the mixture of gasoline, water and Sulphuric Acid with the lubricating oil in the crank-case.

Having done that, the Rectifier accomplishes the following amazing results:—

- (1) Guarantees pure oil of full viscosity to all bearings.
- (2) Prevents "blow-bys."
- (3) Prevents "Oil Pumping."
- (4) Maintains full compression.
- (5) Maintains full power of motor after long service.
- (6) Prevents scoring of cylinders.
- (7) Prevents excessive wear of piston rings.
- (8) Prevents piston "Slaps."
- (9) Prevents leaking past rings.
- (10) Prevents carbon.
- (11) Prevents fouling of spark plugs.
- (12) Prevents pitting of valves.
- (13) Prevents sticking of valves.
- (14) Prevents pitting of cams.
- (15) Prevents etching of link pins—"stretching" chains.
- (16) Prevents etching of piston rings, pins, bushings, etc.
- (17) Results in great increase in gasoline and oil mileage.
- (18) Unnecessary to drain crank-case every 500 miles, as formerly. Depending on speed you drive, you may expect 1,500 to 2,000 miles per gallon of oil.
- (19) Permits use of lightest grades of cylinder oil at all times.
- (20) By using gasoline formerly wasted adds about 15% to mileage per gallon.
- (21) Vaporizes water from fuel, feeds steam into cylinder where it acts to dissolve carbon and prevents detonation—"knocks."
- (22) Prevents forming of Sulphuric and Sulphurous Acids.
- (23) Relieves pressure in crank-case, takes place of "breather."
- (24) Valves will not require frequent re-grinding.
- (25) Cylinders good for 50,000 miles without re-grinding.
- (26) Piston rings good for 50,000 miles without re-grinding.
- (27) Prevents wear of valve stems and guides.
- (28) Conserves oil formerly drained from crank-case.
- (29) Should reduce motor upkeep 75%.
- (30) Will double life of motor.

NOTE: A Rickenbacker car has been driven 30,000 miles without draining crank-case.

TWO INJURED IN

Dr. Boyd A. Emery, aged 75 years,

Sunday afternoon, shortly before 3
o'clock, when he lost control of his

when it overturned. It is thought the
steering apparatus went wrong.

Both Dr. and Mrs. Emery were
rushed to Monongahela, where they
were examined by a physician. They
then were taken to the Washington
